

THE FLORIDA JUNIOR SWINE CIRCUIT

Affiliated Shows and Programs

The Florida Junior Swine Circuit offers various affiliate programs that connect local organizations, county fairs, and other shows with its mission to promote the swine industry in Florida.

Affiliated shows

Affiliated shows provide a structured and supportive environment that can significantly benefit shows looking to advance their efforts to host a show.

While an affiliated show is not considered a series points event, it provides the opportunity for new people to host a show with the backing of the FJSC organization. Eventually if a new show wants to transition to a points event, we feel that by aiding shows and providing the knowledge to run a show efficiently we can get new people involved and eventually expand the coverage areas in Florida.

- **Opportunities for marketing**, by being recognized as an affiliated show, the FJSC organization will market your show to its membership
- **Opportunities to utilize infrastructure items**, by being recognized as an affiliated show, the FJSC organization provides access to use it's WW scales and Ring setup.
- **Opportunities to resources**, by being recognized as an affiliated show, the FJSC organization provides access to better resources, show budgets, and vendor contacts.
- **Opportunities to qualified judges**, by being recognized as an affiliated show, the FJSC organization can aid show in their search for qualified judges.

Outreach Programs

The FJSC outreach program is an initiative that provides services, education, and resources to individuals or communities who may lack access to them. These programs are mobile and aim to meet people where they are, addressing specific needs and promoting awareness of programs.

- **Target Audience,** aim to serve as an outreach to new demographic areas
- **Educational Role,** In addition to delivering services, the outreach program often have an educational component, raising awareness about the FJSC series and programs.
- **Building Awareness,** Educating county fairs, state fair, and educational events through meet and greet events with FJSC Junior board members.
